MARINE BIOLOGICAL LABORATORY

Financial Aid Request Form 2005

This form MUST be included with your Admissions Application in order to be considered for financial assistance. Do NOT submit it separately.

The Marine Biological Laboratory expects the **cost of attending an MBL course to be shared among the student, your home institution, and the MBL** in a three-way commitment. We expect that you will discuss this financial obligation with your home department or institution, and request/secure financial aid to be applied toward these expenses. We also expect our students to realize some of their own expenses by providing personal funds as available. MBL financial assistance is based on **need**, and, in many cases, is equal to a substantial portion of the tuition cost. If you are requesting financial aid from the MBL to attend a course, you must provide the information requested below.

Applying for financial assistance will NOT affect your opportunity for admission to an MBL course.
