

THE UNIVERSITY OF CHICAGO

MARINE BIOLOGICAL
LABORATORY

POSITION AVAILABLE

Course Assistant for Summer 2021
Biology of Parasitism Course
At the Marine Biological Laboratory, Woods Hole, MA

A Course Assistant (CA) is needed for the 2021 Biology of Parasitism (BoP) Course in Woods Hole (<http://www.mbl.edu/biology-of-parasitism>). BoP is an intensive, 5-week laboratory/lecture summer course for pre- and postdoctoral students. Under the supervision of the Course Directors, the CA's are responsible for many **organizational tasks** such as lab setup, preparation of solutions, ordering supplies, overseeing inventory, assisting faculty and students, helping to organize social events, making arrangements for visiting lecturers, and other diverse course-critical functions. Training is provided by the Marine Biological Laboratory before the course begins. The CAs must be in residence from July 9 until Aug 11, 2021. Hours are flexible but can include late nights and weekends. Compensation includes weekly salary of approximately \$475, room & board, and round-trip travel to Woods Hole.

Qualifications: Highly organized, hard-working, and sociable. Familiarity with the setup of a biological research laboratory would be a strong asset.

Applicants should send a resume, a short-written statement of qualifications & interest, as well as the names of two references by **April 15, 2021** to the Course Directors:

Barbara Burleigh (bburleig@hsph.harvard.edu)

Flaminia Catteruccia (fcatter@hsph.harvard.edu)

Freddy Frischknecht (freddy.frischknecht@med.uni-heidelberg.de)

Any questions regarding the position should also be directed to the Course Directors.
