

Analytical & Quantitative Light Microscopy

Marine Biological Laboratory, Woods Hole, MA USA

April 29 – May 8, 2020 | Application Deadline: February 5, 2020

COURSE DIRECTORS:

Peter Kner, University of Georgia

Paul Maddox, University of North Carolina, Chapel Hill

Wendy Salmon, Whitehead Institute for Biomedical Research

This course provides a systematic and in-depth examination of the theory of image formation and emphasizes the quantitative issues that are critical to the proper interpretation of images obtained with modern optical microscopy.

The MBL is an Affirmative Action/Equal Opportunity/Disabled/Veterans Employer and an affiliate of the University of Chicago.

“AQLM was truly transformative. The instructors had expertise and were extremely approachable. I have never learned so much, and gained some competency, in so much material and so many methods in such a short amount of time.”
